

13 February 2020

Dear Parents/Carers

**Re: Year 5/6 Camp 2020**

The Year 5/6 Camp takes place in Week 7 of Term 1 from Monday 9 – Friday 13 March at Tallebudgera on the Gold Coast.

This camp gives students and staff the opportunity to develop leadership, social and work skills, as well as help the students bond as a group.

We will be taking full advantage of the wide range of activities provided by this excellent venue. The Gold Coast Recreation Centre staff will be running a range of activities that will differ from last year and, as such, Year 6 students will experience new challenges. The students will also spend a day at Movie World.

Once finalised, further details will be forwarded to you. This has always been a very successful camp and we are confident that it will be again this year.

**Please remember that school camps are part of our school curriculum, therefore they are compulsory. In the event that your child is unable to attend due to extenuating circumstances, the College will require notice in writing and students will need to attend school for regular classes on these days.**

Please complete the attached Medical Form and indicate if your child is **allergic to anything at all**, as we need to notify the camp kitchen as soon as possible. Students will be **expected to try** all the food put in front of them unless they have an allergy to a specific food. However, they **will not be forced** to eat food they do not like. If your child is allergic to sunscreen, then you need to pack alternative sun protection for them.

Please return the completed **Medical Form** to College Administration by **Monday 17 February 2020**.

If you have any concerns regarding camp, please contact either Mr Mark Maritz, Mrs Raylene Haldane or myself.

Yours in Christ

Julie Lockyer  
Deputy Principal
